- Surface
- Wall thickness
- Weight
- Leakproofness test (0.3 bar overpressure)

### Outer tank (galvanized steel sheet collecting tub):

- Welding line test
- Leakproofness test
- Control of corrosion protection

Date of internal testing

Signature of tester

# WARRANTY CERTIFICATE

## WARRANTY

Your Schütz-PE fuel-oil tank ("the Tank") is guaranteed to be free from defects in workmanship and materials for a period of 10 years from the date it was installed, provided that installation occurs within 12 months after the Tank was manufactured. Any part of the Tank that is defective in workmanship or material shall be, at Schütz's option, either replaced, credited, or repaired. Schütz is not responsible for normal deterioration, wear, or abuse.

This warranty is subject to the following additional conditions:

1. Purchaser must notify Schütz in writing, within eight days after defective material or workmanship on the Tank is detected.
2. Along with such notification, purchaser must submit to Schütz a valid Warranty Certificate. The Warranty Certificate is valid only if the information requested below (e.g., delivery date, purchaser, vendor, installer) has been timely filled in.
3. The Tank must be installed and used in compliance with all applicable Federal, state, and local laws, rules, and regulations.
4. This warranty shall not apply if the Tank is installed more than 12 months after the date of the Tank's manufacture.

Purchaser's exclusive remedy in the event of breach of this warranty shall be limited to, at Schütz's option, either the repair or replacement of, or credit for, the original Tank. However, provided that all of the above-conditions are met (including that installation occurred within 12 months from the date the Tank was manufactured), and provided that it occurs within the 10-year warranty period, Schütz will compensate Purchaser, to a maximum limit of \$1 million, for damage to Purchaser's property that is directly and proximately caused by oil leakage from a defective Tank.

**The above is the sole warranty provided by Schütz. This warranty is in lieu of all other warranties, written or oral, statutory, express or implied, oncluding without limitation the warranty of merchantability, fitness for a particular purpose or non-infringement of patent, trademark, or copyright.**

## LIMITATION OF LIABILITY

Schütz's liability, whether arising from or related to the manufacture and sale of the Tank, its installation, demonstration, sales representation, use, performance, or otherwise, including any liability based upon Schütz's product warranty, is subject to and limited to the exclusive terms of Schütz's limited warranty, whether based upon breach of warranty or any other cause of action whatsoever, regardless of any fault attributable to Schütz, and regardless of the form of action (including, without limitation, breach of warranty, strict liability, negligence, or otherwise).

**Schütz shall in no event be liable for any special, incidental, or consequential damages (including loss of profits) whether or not foreseeable and even if Schütz has been advised of the possibilty of such loss or damage. Schütz disclaims any liability arising from a combination of its product with products from another manufacturer if the combination has not been endorsed by Schütz. Purchaser understands that the remedies noted above are its sole and exclusive remedies.**

Furthermore, purchaser acknowledges that the Tank sold to it reflects the allocation of risk and the limitations of liability referenced herein. All claims and disputes concerning this warranty shall be decided according to German law, and the Courts of Germany shall have exclusive jurisdiction to hear and decide such claims and disputes.
